COURSES TAUGHT IN ENGLISH

2023-2024 Academic year

Before starting your course selection, please note the following points:

- France, like all European Union member states, is using the ECTS grading system, the *European Credit Transfer and Accumulation System*. Credits are called **ECTS** credits.
- As a general rule, **for French students:**

1 term	30 ECTS
2 terms (Full Academic Year)	60 ECTS

- **As an exchange student, you are allowed to take as many ECTS as you wish/ per term (no minimum, no maximum), depending on your home university requirements.**
- As an exchange student, you have access to all courses at the FGES, regardless the field of study or the academic level.
- If you are French speaker and wish to enroll courses in French language, please visit our [Website](#) to find the list of courses taught in French.
- **Lectures** (*Cours Magistraux* in French) are courses taught in amphitheatres and **Tutorials** (*Travaux Dirigés – TD* – in French) are seminars (courses taught in smaller groups).
- All international students are offered the possibility to sign in for a *French as a Foreign Language* course. More information [here](#). Those classes take place every Thursday from 4pm to 6pm and allow students to validate 3 ECTS credits. If you wish to sign in, please advise the International Office workers at the beginning of the semester.
- **/!\ Important:** The Faculty is spread over two different campuses. As a matter of fact, **Bachelor's courses are delivered on campus Vauban**, whereas **Masters are delivered on campus WeNov**. **Don't forget to take it into consideration while making your courses selection!**

Vauban campus

Address: 41 rue du Port, 59000 Lille

WeNov campus (Euratechnologies district)

Address: 225 rue des Templiers, 59000 Lille

How to travel from one campus to the other? - 30 minutes by walking, 15-20 minutes by public transportation (bus or metro), 10 minutes by bike.

Please note that, ECTS in black color refer to the French student curriculum and those which are in blue color are especially related to the international exchange students.
